PRE-STATE·LEATHER·LICENSE·PLATES

These pre-state leather license plates are accurately fabricated with period-style 3" or 4" aluminum numbers and monograms. The two thick layers of black (or optional white with black digits and black back piece) oil-tanned cowhide harness leather are fully rim-stitched for strength and long life. Each 4" number plate measures a full 5½"x18" (with 3" numbers they are 4-3/8"x16") or shorter and is discreetly and permanently marked on the backside with a coded year of manufacture so that it cannot be considered an attempt to deceive plate collectors. Interestingly, many states currently allow this type of license plate to be used for display and/or registration as a **YOM** or **"Year of Manufacture"** plate for your horseless carriage.

To further enhance your plate(s), we use special of-the-era design monograms for applicable states (some states, such as Wisconsin use a single letter; for example a "W" for their state identification). Already completed are ARIZ, CAL, COLO, FLA, IA, IDA, ILL, MICH, MINN, MO, NEB, NEV, NY, OKLA, OH, ORE, TENN, TEX, UT, WN & NSW(AU). The state monograms are strong and thick (.125") tempered aluminum with number matching patina finish. We are creating new custom designs based on era originals for all remaining states as needed. Uses include displaying the year of your automobile (e.g. "14 FORD") or mounted with name or initials and YOB ("BOB 1949") or man cave display.

HOW TO ORDER:

- First, decide what numbers you'd like for your plate(s)…. call and we can chat!
- Decide on the 5-1/2" tall plate with 4" characters or the 4-1/2 high version with 3" characters.
- Decide if you want the state logo on the left side or the right side.
- Decide black or white front leather color (all plate backs are black)….I try to use all black thread, which will stay cleaner, but can offer white if desired.
- I primarily offer Aluminum characters or state ID, but can offer brass (you keep polished 😊).
- Aged Aluminum or Flat Black characters (for white leather only) and state ID.
- Roughly sketch your layout and numbers, letters below- including mount hole locations.
